

I understand that the Internet can connect me to useful information stored on computers around the world.
While I have access to the Internet:

- ## Email Account Access

I understand that an email account can provide me with immediate feedback from sources around the world. While I have access to an EQ Email Account:

- 1) I will use it to support my learning at school.
- 2) **I will not send emails that are offensive, spiteful, rude or annoying.**
- 3) **I will not use email to bully other people.**
- 4) I understand that if the school decides I have broken these rules, I will lose the privilege of access to an EQ email account.

Students name: _____

Students signature: _____ Date: _____

I understand that the Internet and Email can provide students with valuable learning experiences. I also understand that it gives access to information on computers around the world; that the school cannot control what is on those computers; and that a very small part of that information can be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.

I understand that students breaking these rules will be subject to appropriate action by the school. This may include loss of Internet and/or Email access for some time.
